Endless Office Occupational

Single vision lenses correct for one point in the distance, and progressive lenses have limited intermediate viewing areas. **Endless Office Occupational** lenses adjust to wearers' needs and offer unmatched near and intermediate vision. An occupational lens with a wider near and intermediate vision range.

Features & Benefits

- Fully personalized occupational lens
- 3 focal lengths: 1.3 m | 2 m | 4 m
- Technology: IOT Digital Ray-Path 2
- Maximum intermediate & near visual fields
- Improved postural ergonomics avoiding unnecessary head movements
- Precise & comfortable focusing, especially when using electronic devices
- Near elimination of peripheral blur
- Superior visual quality for viewing digital devices
- Excellent dynamic vision, easy transition between near & intermediate visual fields
- Immediate adaptation
- MFHs: 14 & 18 mm

Advise wearers not to drive while wearing Endless Office Occupational lenses as they do not provide adequate distance vision.
